

Partnership 2025 – 2026

Hello Partners, are you ready, are you set, then lets go.

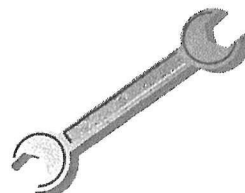

Partnership is a very important program this year. Our partnership is declining. We will be racing to see who can acquire the most new partners and maintain our renewals.

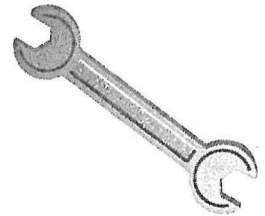

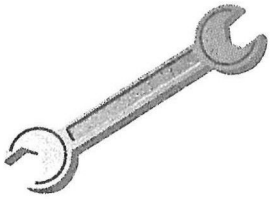

The goal dates are:

October 21, 2025	25%
November 20, 2025	35%
December 20, 2025	50%
February 20, 2026	75%
April 20, 2026	100%
May 15, 2026	101% or greater

When we attend meetings of our other organizations, when we deliver pamphlets for nurses scholarship, let them know about us.

Share your ideas for getting new partners. We can share them with others.
