

8/40 Nationale
Eastern Division Le Demi Chapeau

The key to success is HOPE for the future!

Howdy partners! My name is Debra Knickerbocker and I hope to be your Eastern division le demi Chapeau for the coming year. I hail from Connecticut, salon #19, and I have been a Chapeau passé multiple times in my salon and departmental Chapeau in 2005. On the Nationale level, I have held many committee appointments and have been the partnership chairman. I want this year to be a beginning for our partners to get back out there and work the programs. Use your keys to unlock your ideas and commitment to our purpose of helping our special children I have a better life.

Hope is a very strong word. It has stopped wars, saved lives, and helped to get us through this crisis. Hope for our future is what we need right now to continue. I hope salons will be working together again in person or not to help fulfill our Nationale' Chapeau's vision for this coming year. I hope you will continue to contribute to the child welfare foundation, our Denver school, and any other projects you choose to work on.

As I am a firm believer that we need to take care of our own, We will be promoting the "Great Strides Walk" for cystic fibrosis which is held in every state. All proceeds from this walk stay in each of your states to help your children locally. I will be getting you more information as time nears for this, but those that do participate will be recognized and rewarded with prizes for top donations.

We can have a great year using our keys to unlock success throughout our Eastern division. I am asking every state to let me know your chipotle, and their information so I can contact them. Have a great summer and if I can do anything to help any of you, please contact me at any time.

Don't forget to send in your partnership as soon as you can!
