

## Partnership

'Together, we do make a difference'

*Newsletter 7*  
*July – August 2022*

On June 30, 2022 our total partnership team efforts were 84.16%. Although it was 15.84% short of where we wanted to be – this Chairman is so proud of the commitment each partner made to help with obtaining all renewals – *and WOW 145 new partners.*

Special thanks to de South Dakota and de Missouri for sharing with me how their Departementaux kept their partners updated on partnership, as well as other precious information regarding our organization.

▶ We can stand tall and say – 'Together, we do make a difference.'

We can all look forward to National La Marche September 22-24, 2022 when we celebrate those successes we did achieve.

We directed our efforts in positive ways! We had heathy attitudes! We learned to listen to others! We took care of our special children! We paid our partnership dues! We saved time for fun and fellowship! Our endeavors were accomplished!

▶ Congratulations for a job well done!

*Labor Day Celebration!*
