

Western Division Demi Chapeau  
Toia Ann Hack

I am delighted to become your Western Division Demi Chapeau. Following in Doris Werlinger's footsteps is a team challenge that I wish to fulfill in this ensuing year. Doris' Plan of Works is a supreme example of efficiency.

#1. Each partner is to contribute \$3.00 to the Morgridge Academy.

#2. Send ditty bags and items needed for our special children to National Jewish Center.

#3. Chairman, on all levels, remember to get your reports sent in on time.

#4. Communicate all information you get to the Partners.

Chaplains let's have a prayer to ask for continued guidance in establishing cures for all the multiple lung and respiratory diseases in our children. Looking forward to a healthy and happy future is what we want for our own children and especially for the ones that travel to National Jewish Health or other facility for these diseases.

Western Division's theme is "Give a lap quilt to warm our special children while they seek their cures". Each quilt should have embroidered or sewn bells and messages of Hope for a child. Make the squares 8 inches large, seek among the partners a quilter who will be able to sew them into a lap quilt. Each salon in the state could make one or two squares for the quilt. Bring these to mid-winter and prepare the quilt to be presented at "Chapeau Days" in Denver.

We, "the Belles", are "ringing for a cure" as our call to action. National Chapeau's "All Partners Project" is to make a gift of \$8,000 for National Jewish Health to purchase furniture for the Pediatric Therapy Rooms at the new Center for Outpatient Health in Denver. These rooms will aid the professionals in the process for a safe and healthy atmosphere that puts the children and families at ease as they cope with treatments.

If you have any questions or just want to chat, my number is 1-360-755-0386 or cell number, 1-360-770-1028, my email is [hacktoiaann@gmail.com](mailto:hacktoiaann@gmail.com).
