Des Huit Chapeaux et Quarante Femmes

Bulletin #4  
Chapeaux Nationales Passes  
Officers and Chairmen Nationale  
Le Chapeaux Departementaux

January 2023

“ACTION BELLS” – School bells, Fire bells, and Dinner bells are all callus to action. The “ring, ring” of the phone may be just enough to encourage a partner to renew. Give it a try.

“**Partnership**” - Congratulations! We reached the 50% goal by December 31st. Even better, we made the 65.38% goal with 2536 partners. We need to do better. Seven Departementaux have reached 75%. Good job. Now, the rest need to work hard to reach that goal by February 28<sup>th</sup>. How many new partners does your Departemental have? We have a total of 55 new partners. We are short of our total partnership goal, and it is time to “**Ring**” the **ACTION** Bells. Ask your friends, neighbors, or family members. Share our wonderful programs. If you have partners who have not renewed, perhaps the salon could give a gift of partnership to someone who has been a partner for many years and just can’t pay. If every partner contacted one person and got a new or renewal – look where our numbers would be.

**Donations** –Donations are coming in slowly. Hopefully, the new year will increase our donations. Nurses Scholarship leads the way with \$6,619.73. Congrats to Connecticut for donating over \$1,000. NJH is at \$3,428, the Foundation is \$1,440, and the All Partners is only \$1,263 of the \$8000 goal. What is your Departemetaux fund raiser this year? As you plan your Pouvoir and Marche meetings, include a “fun” Fund Raiser. Basket raffles, auctions, Bakeless bake sales, donation pigs, or bottles are all fun ways to raise money for your special project and the National funds.

**COMMUNICATION** – I have received several bulletins. Check your email and always check your junk mail. It seems like I have important mail go there every day. **Share those Bulletins!** Departementaux, you don’t have to wait for a National Bulletin. You can be creative and keep in contact with your Salons. Salons, a monthly newsletter will help keep partners informed if you don’t meet each month. This is the way we can let everyone know what’s happening and share ideas for projects for our special children. Please share any information you have received. We need to hear from all officers and chairmen. Emailing is fine, just do it. Thank you to those who have sent a bulletin.
