

La Boutique Des Huit et Quarante Femmes
National Eight and Forty
Eastern Division

January Bulletin 2023

Bonne Annee' (Happy New Year) to all National Officers, National Chairman, and Les Nationaux Passes.

I must address that a resounding number of Salons have written in regarding partnership. I must chime in also that it seems to be happening all over. We must reach out to these Departementaux and see if there is any way we can assist them. We don't want them to become discouraged. A friendly "hello" goes a long way. Also give your Salon partners a jingle and maybe a suggestion or two on how to help them collect their partnership. Also keep asking ladies if they would like to join us.

Eastern Division has gotten off to a pretty good start. As of Dec. 31st we are at 61.76 % with Pennsylvania in the lead. Congratulation! Our Eastern Division partnership Chairman, Debbie Knickerbocke, is working diligently to keep us moving forward to being able to toll the bell for 100%. Thank you Debbie.

Please keep an eye on the due dates for the National Program donations. It is coming up fast.

A couple of partners from MA have created some craft items to sell with the proceeds to be given towards Le Chapeau Nationale's project. Every little bit helps!

The Eastern Division Conference has been set up for March 18th in Sturbridge MA. I looking forward to a good turnout for a day of informative reports and plenty of Fun and Fellowship.

A shout out to New York and Pennsylvania hoping they have dug out of the terrible snow storms. We are thinking of you.
