

Nationale Public Relations Bulletin December 2025

Kimberly A. Estes Chairman Public Relations

Seasons Greeting Partners,

There are a couple of issues we need to bring to your attention.

1. Per Nationale Chapeau Doris Ann this point in time we should not have any zero Departementaux. According to our Nationale Constitution and by Laws, it states that to be an Officers or Chairmen one **must have their incoming year dues paid before taking any office or chairmanships on any level.** There **is no excuse** why we have zero Departementaux. It also states that you have 15 days to turn dues into Departementale then 15 days to turn into Nationale. So that bills can be paid and programs supported.
2. It has come to Nationale Chapeau Doris Ann attention that Officers and Chairmen are not sending out their bulletins per instructed in the Nationale Handbook. How is the information being spread if you are not fulfilling your duties, according to your instruction from Nationale. There is ever Departementaux not getting any information sending out bulletins. **So, if you are an Officers or Chairman on any level get your bulletins out.** Plainly speaking, the life of this organization rests on each Partner. **As you go the higher in this organization, the more you must step up and take responsibility.** If you are doing for pins to say look, I was so and so. You are not following your office or chairman protocol. If this upsets some of you, I am sorry but that is the way I was brought up in this 8/40 organization.

Our organization is serving children, NOT FOR INDIVIDUALS GLORIFICATION!

- Each Petit Salon and Departementaux should receive updates regarding your activities, including communications, meetings, events you assist with, and any initiatives such as supporting Veteran Christmas, among others. Report this to your Public Relations Chairman she should put it into her bulletin she to send out every month. In her bulletin she should have include all Nationale information which should be placed in her bulletin also

Nationale Chapeau Doris Anna hoped that you had a great Thanksgiving and looking forward to Christmas and Happy New Year. As always remember our shut in Partners who cannot attend or take part due to poor health. Drop them a Christmas card or go caroling them (Even if you cannot carry a tune) imagine the joy. Think of the smiles on their faces. spread some holiday cheer.

Partnership can be received all year! Come on and encourage your Partners to get out a recruit new Partners and talk to old ones who dropped out for some reason. How do we do this Public Relations? This is right spread the one of the right ways to do it, spread the word about our organization. As you help with Christmas Programs there is bound to be some children with lung problems. This can go under community service, and child welfare reports.

I have had little contact from Officers and Chairmen on all levels. Those who have keep them coming. You can email information to me, snail mail it or call me. I have my phone with me 24/7 so unless I am unable to pick up

level a message and I will return your call. Come on Partners get me off Santa naughty list this year.

There is little Santa magic in all of us. I know it is a busy time of the year. But please don't forget what we do and our programs. It takes all of us to make our magic work. So spread the joy and the cheer, along with what our organization does far and near.

From my family to yours have a Merry Christmas and Happy New Year!

Yours in Fun and Fellowship.

Kimberly A Estes Public Relations Chairman 2025-2026
