

Nationale Public Relations
Plan of Works
2025-2026

Nationale Chapeau Doris's theme is "RACING FOR A CURE FROM COAST TO COAST FOR OUR SPECIAL CHILDREN." This means as Public Relations Chairmen our work is cut out for us to spread the information about what we are racing for. Being from Indiana, the home of the Indy 500 and Brickyard 400, I learned more about racing cars. I am giving you the keys to unlock the tracks for your races to each Division Chairman and to each Departementaux Chairmen. **Remember it is communication that is the heart of the key to Public Relations.**

As the new year begins, we are at the starting point of this race. I am waving the green flag to get your races started. It is our duties to make sure all the partners in our wonderful organization know what going on in each Departementaux and Petit Salons. I know there are Departementaux that send out newsletters and Petit Salons. Please send a copy to me so that I can build Chapeau Doris Public Relations Book. Remember your division needs to send in the best book also to be judged for Nationale Awards. Remember this is a terrific way to recruit new partners and sparks the interest of inactive partners getting involved again.

Everyone has the means to spread the news by email, snail mail, or word of mouth. Case in point, Nationale Le Secretaire Sandia Winchester with all her reports. Granted it takes time to set an email address up, but it is only a one-time deal. Plus, it is cheaper than stamps.

I will be sending out bulletins every month this year. If you have something you want to place in it let me know. I am always at your service. **Please make sure you pass them along.**

If I can help you with any help, please feel free to contact me at the following address. Kimberly A. Estes 4647 E. County Road 850 South, Morrisville IN 46158-7407 email kimestes77@yahoo.com phone 765-592-5953. If I do not know the answer I will find it for you.

Yours in Fun and Fellowship

Kimberly A. Estes

Nationale Chairman for Public Relations. 2025-2026
