Greetings Pit Crew!!!!

We are off and the Teams are doing their best to keep up with all the Leaders or Be The Leader!

I'm so proud of all of you trying to get in front of the Heat. Keep Up The Good Work!!! I love it.

Partnership Goal – for November it is 20 November, that's my birthday, so I'd like to see all of you get out and get new Partners, renew Partners that have fallen behind with their dues or revive Partners that haven't come to your Salon meetings or have lost interest, maybe something we are doing this year will help bring back new/old Partners. All you can do is ASK! If nothing else it is good fellowship and fun to have meetings! Remember you can have meetings that have a Program about your community, or even a show and tell about Thanksgiving or Christmas decorations to make or have someone demonstrate a new idea. There are so many interesting ideas out there, just ask your Partners what they would like to have and then have a short program, then have a fun meeting.

In order to get your Partners, involved, do all of you or some of you use Zoom to get them to attend a meeting, Pouvoir or La Marche, if not you need to try and get one started, it may pique their interest to get involved. If you don't know how to do Zoom, ask a young person, grandchild to help you out, they'll love it, maybe have an interest for an 18-year-old to join!

Don't forget to include all our programs in your meetings. Children and Youth, Nursing and Respiratory Therapists Scholarship, American Legion Child Well-Being Foundation, The Eight and Forty Foundation, Public Relations, and Ritual and Emblem program. If you are wearing your white or white and red you are following the Ritual of the 8 and 40 and thank you for doing this. You are part of an organization that has been in Business for 103 years and we

are pretty special, we take care of our young children with all lung and respiratory diseases and that is very special to me, as I have COPD and I know what it is to have trouble breathing and I saw my mother suffer with it while she was alive.

Please take time to take care of your Partners near and far, send a note, a card or even a phone call if you can to check on each other. This is such a wonderful time of the year to keep in touch with each other.

Pius and I want to take this opportunity to wish you All a Very Happy and Healthy Thanksgiving and enjoy being with your family, friends or just your close friend or spouse. We also want to say "Thank You for your Service" to All the Veterans and my husband, Pius, is an Army Veteran.

God Bless Each of You and God Bless America,
In Fun and Fellowship,
Doris Ann
