

The Racing Histoire

To all L'Archiviste, you are the mechanical engineers for this racing year. It is your responsibility to compile and preserve the historical records of your Salon and Departemental and to file the annual report of same with National and Departemental. This includes personal stories and writing our history after our events. Collaborating with others, staying engaged, and focusing on visual records to help preserve our history.

My theme for this year is:

“History doesn’t repeat itself. It’s rebuilt - one breakthrough at a time”.

Rev up the engines with Histoire reports. Bring the attached form to all your 8&40 events so partners can complete and you can submit.

Tip: Work with your Public Relations Chairman.

Personal Histoire and photographs are requested from each National Officer and Chairman, Chapeaux Nationaux Passes, L'Archiviste Departementaux, as well as all Departementaux and Salon Officers.

Join the team, embrace the excitement, push the limits of what we can achieve, and help us pen the next triumphant chapter for our 8&40.

This year, let’s rally together to make history and blaze a trail for unforgettable years to come.

See you at the Finish Line!
