Le Boutique des Huit Chapeaux et Quarante Femmes
Eastern Division
Children and Youth
2026 - 2027

National Officers, National Chairmen, Les Chapeaux Nationaux Passes, Les Departementaux, Les Petits Salons and Partners,

National Chapeau Lisa has chosen., **"All Aboard for Our Special Children – Hop on the Train, Every Mile Matters,"** What a cool theme.

Our little engine "Miles" who is colorful, small and mighty, will be travelling on "The Eight and Forty Railroad" tracks - knowing that Children love trains. Our little "Engine" will please the children and Partners. "Miles" will have our trains filled with fun while traveling to Les Petits Salons and Les Departementaux. Setting our goals and organizing projects, along with support for National Chapeau Lisa's project this year.

Our colorful, small and mighty "Miles," is also collecting support for our programs that our Partners will accomplish for all our children's dreams while rolling on our tracks.

This year will be filled with fun and coloring pages of our trains. We will be creating some ideas and using these ideas as fundraisers. Let's have an "Art Exhibit." Invite Partners and those who wish to attend. Display some of the created items our Partners made with our theme and information on our Eight and Forty. Fundraisers can be a tool to share our talented Partners works and some of their creations can be presented for display. Attendees will have a knowledgeable afternoon and learn all we accomplish for our children. We have many creative Partners; lets show their talents.

This year will also be filled with more creativity while we are visiting Les Petits Salons and Les Departementaux spreading assurance, that we, The Eight and Forty are there for our children. It will be interesting to read how talented our Partners are. being successful in our fundraisers, exciting and encouraging all partners to join in and have fun while making them successful.

Always have fun for what we do for our children and our Eight and Forty.
