

“ALL ABOARD for our SPECIAL CHILDREN”

Hop on the train as “Every Mile Matters”

Leadership

All aboard leaders, we all need to be prepared to assist our partners. Encourage them to read the Ritual Book in conducting a salon meeting, initiation and installation. Miles the Conductor of Wishes is being prepared with your ticket for a successful train ride, “meeting.”

Our journey is encouraging partners to be involved, even smaller jobs at first, as it takes all to accomplish our goals for our Special Children. Please be the passenger that volunteers to help with an event and be a mentor to your new partners. They took the step to join us, now we need to keep them informed and make them feel welcome.

As Conductors, try to conduct a leadership class in your Salon, Pouvoir, or LeMarche. Full steam ahead!!

Hopping aboard the train is our way of being of service as we travel toward our destination of making a “Brighter Future for our Special Children.”
